SUMMARY

Passionate Web Developer with expertise in ASP.NET, C#, SQL, JavaScript, HTML, and CSS. Experienced in building scalable, user-friendly web applications and collaborating with teams to deliver high-quality solutions. Ready to bring my skills to a dynamic development team.

SKILLS

- **Web Development [FRONT-END]:** HTML, CSS, JavaScript, ASP.NET, ReactJs
- **Programming Languages [BACK-END]:** Java, C#, Python.
- **Database Management:** MySQL, SQL Server.
- **API Integration & Testing:** Postman.

EDUCATION

Bachelor of Science in Information Technology (AUG 2021 - JUNE 2024)

ICLES' Motilal Jhunjhunwala College, Mumbai University
[with CGPI 8.0]

EXPERIENCE

.NET Developer

Oceanic Origin Shipping Pvt Ltd | November 2024 – Present

- Developed and maintained back-office desktop applications using ASP.NET and SQL Server.
- Created user-friendly interfaces with HTML, CSS, JavaScript, and jQuery.
- Implemented modules for candidate management, job placements, employer tracking, and document compliance.
- Wrote optimized SQL queries and stored procedures to enhance database performance.
- Integrated role-based authentication and ensured smooth back-office operations.

.Net Developer

Comet Info Solutions | May 2024 – Present

- Developed and maintained ASP.NET applications using C# and SQL Server.
- Created user-friendly interfaces with HTML, CSS, JavaScript, and jQuery.
- Collaborated on robust software solutions, following .NET best practices.
- Wrote clean code, participated in code reviews, and debugged software defects.
- Optimized application performance and assisted in API design for front-end integration.

PROJECT

AoneLeathers E-Commerce Website

Technologies: ASP.NET, C#, HTML, CSS ,JavaScript, SQL Server

Designed and developed a complete e-commerce platform for Aon Leathers, featuring a variety of high-quality leather goods. Implemented a robust SQL Server database for efficient inventory and order management. Built dynamic, responsive front-end pages using HTML, CSS, and JavaScript, ensuring an engaging user interface. Utilized ASP.NET and C# for backend logic, supporting seamless product transactions and secure payment processing.

Stock Market Report Management and Development System

Technologies: ASP.NET, C#, SQL Server, HTML, CSS, JavaScript, API Integration

Designed and developed a comprehensive stock market reporting system, featuring P&L tracking and an Admin Panel for user and stock data management.

Created a dynamic Admin Panel to enable real-time stock data adjustments, monitoring, and report generation, with customizable user roles and secure access control.

Developed P&L reporting modules to track and display profit and loss across market segments, utilizing API integrations for live data updates.

Integrated multiple APIs to fetch real-time stock market data, ensuring accurate and up-to-date information.

Back-office Application for Oceanic Origin Shipping Pvt Ltd

Technologies: ASP.NET, C#, HTML, CSS, JavaScript, SQL Server

Developed a comprehensive back-office application for managing candidate placements, employer tracking, job placements, and document compliance in the shipping industry.

Designed and implemented user-friendly interfaces with HTML, CSS, JavaScript, and jQuery to improve workflow efficiency and user experience.

Optimized database queries and developed stored procedures to ensure high performance and reliability.

Integrated role-based authentication for secure access control.

Ensured the smooth operation of the application through regular debugging and performance optimization.

DECLARATION

I hereby declare that the information provided above is true and accurate to the best of my knowledge.

Place: Mumbai

Sincerely,

Date:
